Sprint Review - PA4
2/12/2024 - 8/12/2024

Team Members Present:

- Trần Gia Khang
- Trần Quốc Huy
- Nguyễn Hoàng Sang
- Phan Văn Tài
- Võ Anh Quân
- Phan Thế Anh

Absent: None

Sprint goals:

- Design UI prototype for the website using figma.

Complete Tasks

UI DESIGN

- Draw UI prototype and write description for Chatting with AI Agents, Email with AI agents components.
- Draw UI prototype and write description for Knowledge data management components
- Draw UI prototype and write description for Create and manage AI Bot components
- Draw UI prototype and write description for Authentication, Photo chatting components.
- Draw UI prototype and write description for Prompt management components.
- Draw UI prototype and write description for Account management components

REVIEW SAD:

- Complete SAD section 5, draw a deployment diagram(s) using UML and describe briefly each node

- Complete SAD section 6, provide folder structure.

Review:

- All team members complete tasks

Problems:

- The performance of team members has been inconsistent, with some individuals struggling to meet deadlines and deliverables..
- UI design is inconsistent
- The review of old PAs by TA is late, making it struggling to meet deadlines

Solution and Lesson:

- Create more regular performance reviews and feedback sessions.
- Team members encourage to ask for help when facing difficulties or tight deadlines
- Waiting for feedback for old PAs.

Upcoming :

- Implement Website using html, css, javascript.
- Framework: Bootstrap, Express.
